Government Publications

CITIZENS RESEARCH INSTITUTE OF CANADA

The Citizens Research Institute was incorporated in 1919 as an independent, non-profit, governmental research organization. Its work is supported by business organizations, associations and individuals across Canada.

The purpose of the Institute is to provide the Canadian people and their governments with impartial research and recommendations to improve government performance at the national, provincial and municipal levels.

As a consultant on government, the Institute examines departmental organization, personnel policies, tax questions, assessment practices, boundary adjustments, development prospects and similar problems.

The Institute publishes timely bulletins and reports and produces an up-to-date statistical service on municipal finances. It provides speaker services, develops educational courses for public officials, offers information and advisory services and makes direct submissions to governments.

Governments are invited to use the Institute's facilities and subscribe to its publications. Membership in the Institute is open to all others who are interested in furthering a constructive programme for better government.

See attached sheet re Funded Debts of the Greater Winnipeg Water District and the Greater Winnipeg Sanitary District.

CITIZENS RESEARCH INSTITUTE OF CANADA

WINNIPEG, MANITOBA

While the Funded Debts of the Greater Winnipeg Water District and the Greater Winnipeg Sanitary District are neither a direct liability of the City of Winnipeg, nor a contingent liability in the form of a guarantee, nevertheless Winnipeg is responsible for its share. The Net Funded Debt of the Water District is $2,233,778.93 and Winnipeg's share would be about $1,600,000.00. The Net Funded Debt of the Sanitary District is $2,221,000.00 and Winnipeg's share would be about $1,400,000.00.

Based on Information Supplied by the Municipal Treasurer

CITIZENS RESEARCH INSTITUTE OF CANADA

THE MUNICIPALITY OF METROPOLITAN TORONTO

Citizens Research Institute of Canada

Municipal Financial Statistics for 1959

Explanatory Notes

(1) The Metropolitan Corporation does not tax the inhabitants of the Metropolitan Area directly, but instead levies against the thirteen Area Municipalities a sum sufficient to meet the estimated net requirements of the Metropolitan Corporation for general and educational purposes during the year. Each Area Municipality taxes its inhabitants for general and educational purposes (including the respective Metro levies). It should be noted however that the total assessment used for the apportionment of the Metro General Levy includes certain exempt and non-taxable properties and is not the total assessment of the Metropolitan Area for general tax purposes.

(2) Subject to certain limitations and restrictions, the Metropolitan Council has power to borrow money for the purposes of:

- (i) the Metropolitan Corporation, including the purposes of the Toronto Transit Commission,
- (ii) any Area Municipality or Municipalities (since December 31, 1953, no Area Municipality has had the power to issue debentures), and
- (iii) boards of education in the Metropolitan Area, not including Separate School Boards.

All debentures issued by the Metropolitan Council are direct, joint and several obligations of the Metropolitan Corporation and the Area Municipalities notwithstanding the fact that the whole or any portion of the rates imposed for payment thereof may be levied only against one or more Area Municipalities.

The amount of $339,833,046 gross debenture debt represents the outstanding amount at December 31, 1959, in respect of:

- (i) debentures issued by the Metropolitan Council for the purposes of the Metropolitan Corporation including Metro share of schools, and
- (ii) debentures issued by Area Municipalities prior to January 1, 1954, which have been assumed by the Metropolitan Corporation,

and subject to the above qualification, the amount of $339,833,046 is the debenture debt, the annual charges for which are included in the Metropolitan levies, or which are met from the revenues of the Toronto Transit Commission and the Metropolitan Waterworks System.

(3) Other Debenture Debt of the Metropolitan Area includes:

- (i) debentures issued by the Metropolitan Council for the purposes of any Area Municipality or Municipalities, including local share of schools,
- (ii) debentures issued by the Area Municipalities prior to January 1, 1954, which have not been assumed by the Metropolitan Corporation, and
- (iii) debentures issued by the Separate School Boards in the Metropolitan Area.
